Mr. Handshoe:

I have located emails related to the interference with business and contractual relation claim. I will get these to you shortly. I have to take out certain emails from the stream that are privileged.

Also, attached please find emails relevant to your counter notifications.

Finally, also attached are Copyright Assignments to me (one is scanned into 3 distinct pages).

I cannot agree that there is no relevant discovery related to my counterclaims.

Sincerely,  
  
Charles Leary

There will be no discovery on your counter claims as they will not survive a 12b motion.  
  
Any talk of discovery regarding them is thus speculative at best.
